

Title: Define you

Don't let others define you
You can be anything you wannabe
Once your imaginations free
Don't let ignorance guide you
Don't let fear bind you
Don't let others define you
You can be anything

Once you choose to be

(Verse 1)

Don't let others define you,
You can be anything you wanna be.
Once your imagination's free,
The strength you need is within you.

(Pre-Chorus)

Don't let ignorance guide you,
Don't let fear bind you.

(Chorus)

Don't let others define you —

You can be anything,
Once you choose to be free.

(Verse 2)

They'll try to tell you who to be,
To fit their mold, to lose your dreams.
But the light inside will guide you through,
The world is waiting just for you.

(Pre-Chorus)

Don't let ignorance guide you,
Don't let fear bind you.

(Chorus)

Don't let others define you —
You can be anything,
Once you choose to be free.

(Bridge)

When the world tries to break your will,
Hold on to what is real.
Your truth's the spark that lights the way,
Don't let it fade away.

(Final Chorus)

Don't let others define you —
You can be anything,

Once you choose to be free.
Don't let others define you –
The power's in what you believe.

(Outro)

The strength you need is within you,
Don't let others define you.
