

Like a Phoenix

My life is falling
before my eyes...
What do I see...?

The horror of living...
loving...
and dying...

It all fades away from me...
fades away...

What's left...?
but a life not worth living...?

To lose
all I never had...

The dreams still speak...
but I don't know
what they say...

My life fades away...
another lost soul
in a world of false hope...

The game ends
with the dream...
forever...
and always...

The dreamer...
is a lonely lost soul...

I am nothing...
but dreams...
and hope...

My life is falling...
before my eyes...

and there is nothing...

...

yet...

I still am...

What do I leave behind

What future remains

I remember my mistakes and pain,

The lessons learned

are worth the price paid.

Knowledge gained from love and loss —

I have fallen,

but still remain.

Like a phoenix...

I will rise from the ashes

What future can I conceive?

What future will I believe?

I'm unique, yet the same,
I starved to feed the rich, I played their game.
I've seen the fire, I know the pain,
But through the loss,
something remains.

I will rise like a phoenix,
Turn the darkness into light.
From broken chains,
I finally start,
