

# Title: Parasites

I've been waiting here all my life  
Just wondering and asking myself  
Trying to find out t why?

Why is the world this way  
When will the madness stop  
Is there a god above or is the universe  
Just a empty clock  
I chase meaning in the noise  
Heartbeat hammering  
The screams won't stop

(Churos)

The world keeps spinning, can't be stopped  
The clowns wear crowns  
Pretending to be Kings on top  
Starving the soul to feed thier greed  
Just parasites taking all we need  
The Gleefull insanity of it all

(Verse2)

Corporate needs

Endless violence, wars to distract

Fighting thier battles

To feed the rich and starve the poor

They sell our lives for their profit and fame

(Chorus)

The clowns wear crowns Pretending to be the  
Kings on top

Starving the soul to feed their greed

Just parasites taking all we need

The Gleefull insanity of it all

(Verse3)

Corruption rules, greed is the game

Poison the planet call it success

Killing for money, then leaving the mess

Blame the poor, feed the fear and hate  
Nothing sacred, nothing whole  
The parasites feed on our souls

(Chorus)

The clowns wear Crowns pretending to be the  
Kings on the top  
The corporate masters that can't be stopped  
The parasites taken all we need  
The Gleefull insanity

(Verse4)

The world burns, we stay blind  
Every scream drowned in lies  
I've been waiting here all my life  
Heartbeat drums, the walls collide  
Every truth is seek is hidden away  
The world is broken  
By design  
Built on our suffering, their endless crime  
I feel the pain in see

The Empire rise while we all fall

( Chorus)

What future remains

After the damage We have done

Is there anything to rebuild

Where can we go from here

The world keeps spinning, can't be stopped

The clowns wear Crowns pretending to be  
the Kings

The Gleefull despair

The Gleefull insanity of it all.
